## OBJECTIVE

Full Stack Developer with hands-on experience building production-grade MERN stack applications, RESTful APIs, and cross-platform mobile apps. Currently pursuing MCA with expertise in React.js, Node.js, Spring Boot, and Flutter. Backed by 2 internships and freelance delivery spanning HR tech, pharma, legal-AI, and e-commerce domains.

## TECHNICAL SKILLS

**Programming Languages:** Python, JavaScript, Dart, HTML, CSS, SQL

**Frameworks and Libraries:** React.js, Node.js, Express.js, Spring Boot, Flutter

**Databases:** MongoDB, MySQL, SQLite3, Oracle SQL

**Tools and Technologies:** Git, GitHub, Firebase, Supabase, Cloudinary, PUG, Tkinter

**Cloud Platforms:** Firebase, Supabase, Brevo SMTP

## INTERNSHIP EXPERIENCE

### Manvian Business Solutions

Dec 2025 – Present

*Full Stack Developer Intern (MERN)*

Chennai, India

- Engineered 3 production-grade MERN stack applications — DiPharma, MJ7, and Stafio — handling complete development cycles from UI design to API integration and deployment
- Built dynamic React frontends with rich animations and responsive layouts, paired with robust Node.js/Express backends delivering RESTful APIs and automated email workflows via Brevo SMTP
- Mastered professional Git workflows including branching, pull requests, and version control best practices across collaborative multi-project environments

### Inlustro

May 2025 – July 2025

*Full Stack Development Intern | Certificate*

Chennai, India

- Delivered full-stack features with React.js and Java Spring Boot, integrating secure RESTful APIs for authentication, data processing, and CRUD operations across multiple modules
- Designed optimized MySQL schemas for complex entity relationships while gaining end-to-end product ownership from pixel-perfect frontend components to backend architecture and database integration

## PROJECTS

### DiPharma — Pharmaceutical Corporate Website | MongoDB, Express.js, React.js, Node.js

GitHub

- Built a corporate web app for Diverse Innovation Pharmaceuticals with 6 pages, 16+ reusable React components, rich animations, and a fully responsive UI across all devices
- Engineered an Express.js REST API backend with Brevo SMTP integration to automate transactional emails on contact and career form submissions, including resume file upload support

### Stafio — HRMS Web Application | MongoDB, Express.js, React.js, Node.js, Python Flask

GitHub

- Developed a full-featured HRMS platform with dual role-based access (Admin & Employee) covering punch-in/punch-out attendance, leave applications, regularisation, and complete HR lifecycle management
- Architected a hybrid backend using Node.js/Express as the core API and a Python Flask microservice for analytics and processing, ensuring a clean and scalable separation of concerns

### AI Powered Smart Contract Generator | React.js, Java (Spring Boot), MySQL, Hugging Face NLP

GitHub FrontEnd | BackEnd

- Built an AI-powered legal contract generator using React and Spring Boot that produces complete, context-aware agreements by integrating a Hugging Face NLP model for intelligent clause generation
- Implemented a JWT-secured backend with role-based access, MySQL persistence, PDF export, and e-signature support enabling full end-to-end digital contract creation

### Portfolio Website | Node.js, PUG, Express.js, MySQL

GitHub | Live Demo

- Built a responsive personal portfolio using Node.js, Express.js, and PUG templating engine with MySQL to persist contact form submissions, deployed on Render with fast load times and cross-device compatibility

### ShopLane — Flutter E-Commerce App | Flutter, Firebase, Cloudinary

Live Demo

- Freelanced and delivered a cross-platform eCommerce Flutter app with product browsing, cart, and checkout backed by Firebase for real-time sync and auth, with Cloudinary for optimized image delivery

## EDUCATION

### Master of Computer Applications (MCA)

2024 – Present

*Dwaraka Doss Goverdhan Doss Vaishnav College*

Chennai, India

### Bachelor of Science in Computer Science

2021 – 2024

*Dwaraka Doss Goverdhan Doss Vaishnav College*

Chennai, TamilNadu

## CERTIFICATIONS

- Accenture's Navigating Numbers (**Forage Program**)
- Cloud Computing And Distributed System In **Swayam NPTEL**
